Experimental Permit No. 1976-17-OP
Supplemental Permit No. 1982-115

September 24, 1982

Land and Lakes Company
123 North Northwest Highway
Park Ridge, Illinois 60068

Attention: James J. Cowhey, President

Gentlemen:

Supplemental Operating Permit is hereby granted to Land and Lakes Company for Phase IIA at the above referenced site all in accordance with the request by Don R. Fielding, P. E., dated August 12, 1982 and received by this Agency on August 17, 1982, with additional information received from Robert M. Murphy, dated September 20, 1982 and received September 22, 1982. This supplemental permit is further subject to the following special conditions:

1. This permit is to allow use of only that portion of the site designated as Phase IIA as shown on the revised plan sheet, drawing number 1750, received by this Agency on August 17, 1982. No waste may be deposited in any additional areas until they have been developed according to plan, and supplemental operating permits for the developed area have been obtained. The present and future developed areas shall be marked at the corner with orange stakes.
2. The sidewall liners shall at all times be completed at least two (2) feet above the level of any refuse. Permeable materials which fall off the sidewalls onto the sidewall liners shall be removed before additional lifts of the liner are constructed.
3. Additional information regarding your ground water monitoring program will be mailed within the next two weeks. The criteria specified in that letter shall be considered as special conditions to this permit.

Page 2.

4. This permit is subject to review and modification by the Agency as deemed necessary to fulfill the intent and purpose of the Environmental Protection Act, and all applicable environmental rules and regulations.
5. This Agency reserves the right to require installation of additional monitoring devices, to alter the selection of parameters to be analyzed and to alter monitoring frequencies as may be necessary to fulfill the intent of the Environmental Protection Act.

Except as modified in the above documents, the site shall be developed and operated in accordance with the terms and conditions of Experimental Permit No. 1976-17-OP, dated February 20, 1981.

Very truly yours,

Thomas E. Cavanagh, Jr.
Manager, Permit Section
Division of Land Pollution Control
